ASSESSMENT SCHEMA

Each course at Amity University Online includes key academic components such as course objectives, a five-module syllabus, learning materials, and assessments. Modules unlock sequentially and contain video lectures, reading materials, web resources, and a module-wise assessment to ensure continuous learning and evaluation.

📊 Course Assessment Structure

The overall assessment for each course consists of:

1. 📂 **Internal Assessment - Assignments (30% weightage)**
2. 📝 **External Assessment - End Term Examination (ETE) – (70% weightage)**

📝 Internal Assessment Pattern

Amity Online courses follow an **adaptive learning approach**, allowing students to study at their own pace while receiving academic support as needed. You can complete coursework and assessments **flexibly** until the **submission deadline**, with faculty assistance available through the learning portal.

The course syllabus is divided into five modules, each with a Module Assessment to track your progress. Five Module Assessments together form "Assignment 1", helping you reinforce your learning.

"Assignment 2" is available from the first day of course access until the submission deadline and can be attempted at any time. However, for better performance, it is recommended to complete Assignment 1 first.
